

## **Ron Mantay**

### **VP Engineering and Construction, Renewable Generation**

As VP Engineering and Construction, Renewable Generation at PowerStream Inc, Ron is responsible to bring PowerStream's renewable generation projects into commercial operation.

Ron has over 4 years of leadership experience in the Ontario solar industry having previously served as General Manager at Schuco Canada, Country Manager at SunEdison and Regional Sales Director at Carmanah Technologies Corporation.

Prior to his work in solar, Ron worked as Senior Program Manager and later as Director of North American Sales over a 7 year period at ATI Technologies Corporation. He also served in engineering, finance and program management roles during his 10 years at Celestica Corporation and IBM Corporation.

Ron earned a Bachelor of Applied Science Degree in Mechanical Engineering and a Master of Business Administration Degree from the University of Toronto. He also serves on the Board of Directors at CanSIA (Canadian Solar Industries Association) and is a licensed Professional Engineer.
