

PETERBOROUGH UTILITIES GROUP MANAGER, GENERATION OPERATIONS

Peterborough residents have been relying on **Peterborough Utilities** for their water and electricity needs for over 100 years. Peterborough Utilities today also develops and operates electricity generation with a focus on renewable and clean energy resources including hydropower, landfill gas, and solar. At Peterborough Utilities, you will be rewarded with a competitive compensation and benefits package, a flexible work environment, and opportunities for learning and development. Peterborough offers an excellent lifestyle in the heart of the Kawartha Lakes cottage region. If you are looking for a challenging career in a leading edge organization, then Peterborough Utilities is the place to be!

The *Manager, Generation Operations* is responsible for the supervision and coordination of the operation and maintenance activities of the organization's portfolio of renewable generating stations and associated equipment. Responsibilities will include the preparation, administration and reporting of the operating budget, establishing revenue targets and providing forecasts in regular reports. In addition, the incumbent will be accountable for the safe and timely scheduling, deployment of staff, and completion of scheduled maintenance activities, response to and management of unplanned outages, and daily operating activities. The incumbent will provide assistance in the planning, development, commissioning and handover to the Generation Operations department of new generation projects, hiring and training of staff, compliance with regulatory requirements and establishing SCADA system integration. The incumbent will also coordinate with the Manager, Risk & Asset Management regarding asset management programs, major sustaining capital projects and key asset optimization projects.

The successful candidate will have completed a Bachelor of Applied Science degree in Electrical Engineering (Power Option preferred) as well as a minimum of five years experience in the electrical utility industry or an equivalent combination of education and experience.

A detailed Job Position including qualifications is available on our website. Interested candidates are encouraged to learn more about these opportunities and submit their cover letter and resumes online at www.peterboroughutilities.ca by **November 12, 2016**.

We thank all applicants for their interest; however, only those selected for an interview will be contacted.
