

Renewable Energy.
Sustainable Development.

JOB POSTING #WIN166
POSITION: PERFORMANCE ANALYST – WIND & SOLAR ENERGY
LONGUEUIL, QC (CANADA)

COMPANY PROFILE

Innergex Renewable Energy Inc. is a global player with an extensive and growing portfolio of assets in Canada, the United States, France, Chile and Iceland. The Company develops, owns, acquires and operates run-of-river hydroelectric facilities, wind farms, solar farms and geothermal plants exclusively producing renewable energy.

Sustainable development producing positive social, environmental and economic results guides our actions. We are not only proud of the work we do, but also of the way we do it. Our many accomplishments and continued successes are made possible by our outstanding team of employees.

Innergex, a publicly traded company, has offices in Longueuil, Vancouver, Lyon and San Diego.

The chosen candidate will be based at the company's head office located in Longueuil, steps away from the Longueuil-Université de Sherbrooke metro station.

ROLE AND RESPONSIBILITIES

Reporting to the Senior Technical Director – Wind and Solar Energy, the Performance Analyst – Wind and Solar Energy will be responsible for monitoring the company's operating wind and solar farms located in North America.

The main responsibilities are as follow:

- Analyze the performance of wind and solar projects in operation, monitor operations and availability, investigate underperformance and propose solutions;
- Contribute to the drafting of monthly operations reports;
- Support the operators and develop tools to facilitate their tasks;
- Participate to the due diligence process for the acquisition of assets – production and availability data analyzes;
- Support the project development teams (contract review, analyses, etc.);
- Manage consultants, sub-contractors and suppliers for projects in operation;
- Any other related task.

PROFILE

- Ability to summarize and strong writing skills;
- Ability to understand, discern and analyze the key issues of projects being evaluated in line with the given scope and timeline;
- Organized, proactive, meticulous and logical;
- Autonomous, with strong team spirit and collaboration skills;
- Available for occasional travel, mostly in North America.
